# Hunterdon County Health Department NOVEL CORONAVIRUS (COVID-19) UPDATES AND RESOURCES

## COVID Vaccine Appointments - New spots on the Waiting List Available

Between 450 and 550 appointments are scheduled weekly for those on the waiting list.

Please go to: <https://www.hunterdoncountyvaccine.org/> to sign up on the waiting list.

New spots on the Waiting List are available weekly on a rolling basis as people confirm their appointments.

If you would like to sign up for the Waiting List for an appointment, please check back regularly.

As individuals confirm their appointment, new spots on the Waiting List become available.

The Health Department's new appointment system provides rolling openings for residents to be placed in cue on the Waiting List to receive an appointment.

Everyone on the Waiting List is guaranteed a dose of vaccine at a Hunterdon County Health Department clinic.

The Health Department's goal is to efficiently provide vaccine to eligible recipients, while also creating an appointment system that will reduce the stress on our residents caused by the vaccine shortage.

We appreciate your patience as we continue to improve this process. We share your frustration, as the demand for vaccine exceeds the supply from NJDOH.

Please continue to check the Health Department website for ongoing updates.

Happy March Bloomsbury!

With every passing day we are getting closer to spring. 2021 started off with the big bang...of snow. DPW did one heck of a job, due to an unexpected truck breakdown and illnesses, we had two drivers and two trucks for that large storm. Even the state police complimented the work. The snow is finally melting, and everyone survived. I can see over the snow mound to pull out of the driveway safely. Thank you to all that helped out their neighbors and also moved their vehicles from the streets. Hoping all we need to deal with is a few more nuisance snows, and please keep those sidewalks free of ice and snow as the ordinance states.

Some good news is that the borough is purchasing a brand-new truck/plow/leaf box etc. with more power. We also have additional applications in for manpower.

The Main Street project is underway as well as Elizabethtown gas extending their service throughout the town, we will have more updates on exactly where soon after a walk-through. This project will coordinate with the last section of Main Street infrastructure updates.

The Willow Avenue project will start at the railroad culvert and extend to the bottom of Milford road. We are not sure about the start date yet.

Our free rabies clinic went well considering it was during a snowstorm. Thank you to those who volunteered their time.

Currently the borough only has one solicitor allowed to go door to door within the borough and that is for solar. If anyone else comes knocking, say as for doors and windows please call NJSP at Perryville, they will handle them.

In closing, I hope everyone had a Happy St. Patrick's Day, a wonderful Easter and watch for those snow crocuses starting to pop up. Spring is on its way.
